LASER TAG:

(Minimum Age: 6+)

Each player is given two technical pieces of kit before play begins. Firstly, a body vest is worn by the player over the shoulders, covering the upper body. Attached to this is the laser gun - The gun fires infra-red light beams that upon hitting the sensors on an opposing players' vest, make their pack vibrate and play an explosion sound effect.

Laser Tag is completely harmless and you don't feel a thing when getting hit except for the vibration created by the armoured vest. For this reason it is great fun for all ages!

Our standard sessions a variety of different team games such as 'Agents', 'Gladiators' and 'Virus'. Each player has their own electronic score chart and every time they hit an opposing team member they gain a certain number of points. These points are then totaled up at the end of the game and the team with the highest number of points scored wins!

All Paintball + Laser Tag packages must be booked and paid in advance. Once payment is taken all bookings are non-transferable and non-refundable.

Food and drinks menus, available on request. We also do fully catered party packages – Enquire for more information!
